Papyros Installer

Welcome to Papyros!

Papyros is modern operating system built on the latest and greatest technologies. However, it is still in Alpha, and many features are either incomplete or missing. Do not use in a production environment unless you are absolutely sure it will work for your requirements.

Papyros Installer has stopped working

Papyros Installer has stopped responding for two minutes, and has probably crashed. You can choose to force quit or relaunch the app, or wait until it starts responding again.
